

For powering:

- ROSTRESS 24.70 Hydraulic Rail Stressor
- ROTRIM 14.10 Hydraulic Weld Trimmer

THE ADVANTAGES. YOUR BENEFITS.

- Low space requirement for transport and storage due to compact design
- Protection of components from damage
- Speedy operation due to automatic changeover from low pressure range to high pressure range
- Mechanically coded connections rule out misuse
- Use of a second rail stressor possible due to integrated shut-off valves in the hose kit
